Welcome to Marymoor Park

PROPOSED PROJECT LOCATION

While ancient customs such as fishing and gathering continue to this day at Marymoor Park, they are complemented by newer activities such as rock climbing and bicycling. Fronting on both the Sammamish River and Lake Sammamish, 642-acre Marymoor Park is one of King County's most active parks. At Marymoor, you can start a journey on major trails, play ball, fly a kite or model airplane, explore a historic museum, climb, bike the Velodrome, fish, hike, study the intricacies of nature, and more.

VIP, Volunteer In Parks, is a King County Park System program. Volunteers are stewards of public parks and work to conserve, protect and improve park areas.

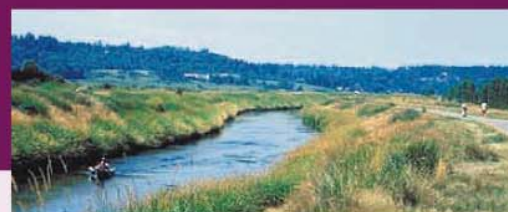

How To Get To The Park

The address is **6046 West Lake Sammamish Parkway Northeast, Redmond**. To get to the park from Eastbound SR 520, exit onto West Lake Sammamish Parkway Northeast in Redmond. Turn right and the main park entrance is on the left. The park can also be reached by bicycle via the Burke-Gilman/ Sammamish River Trail.

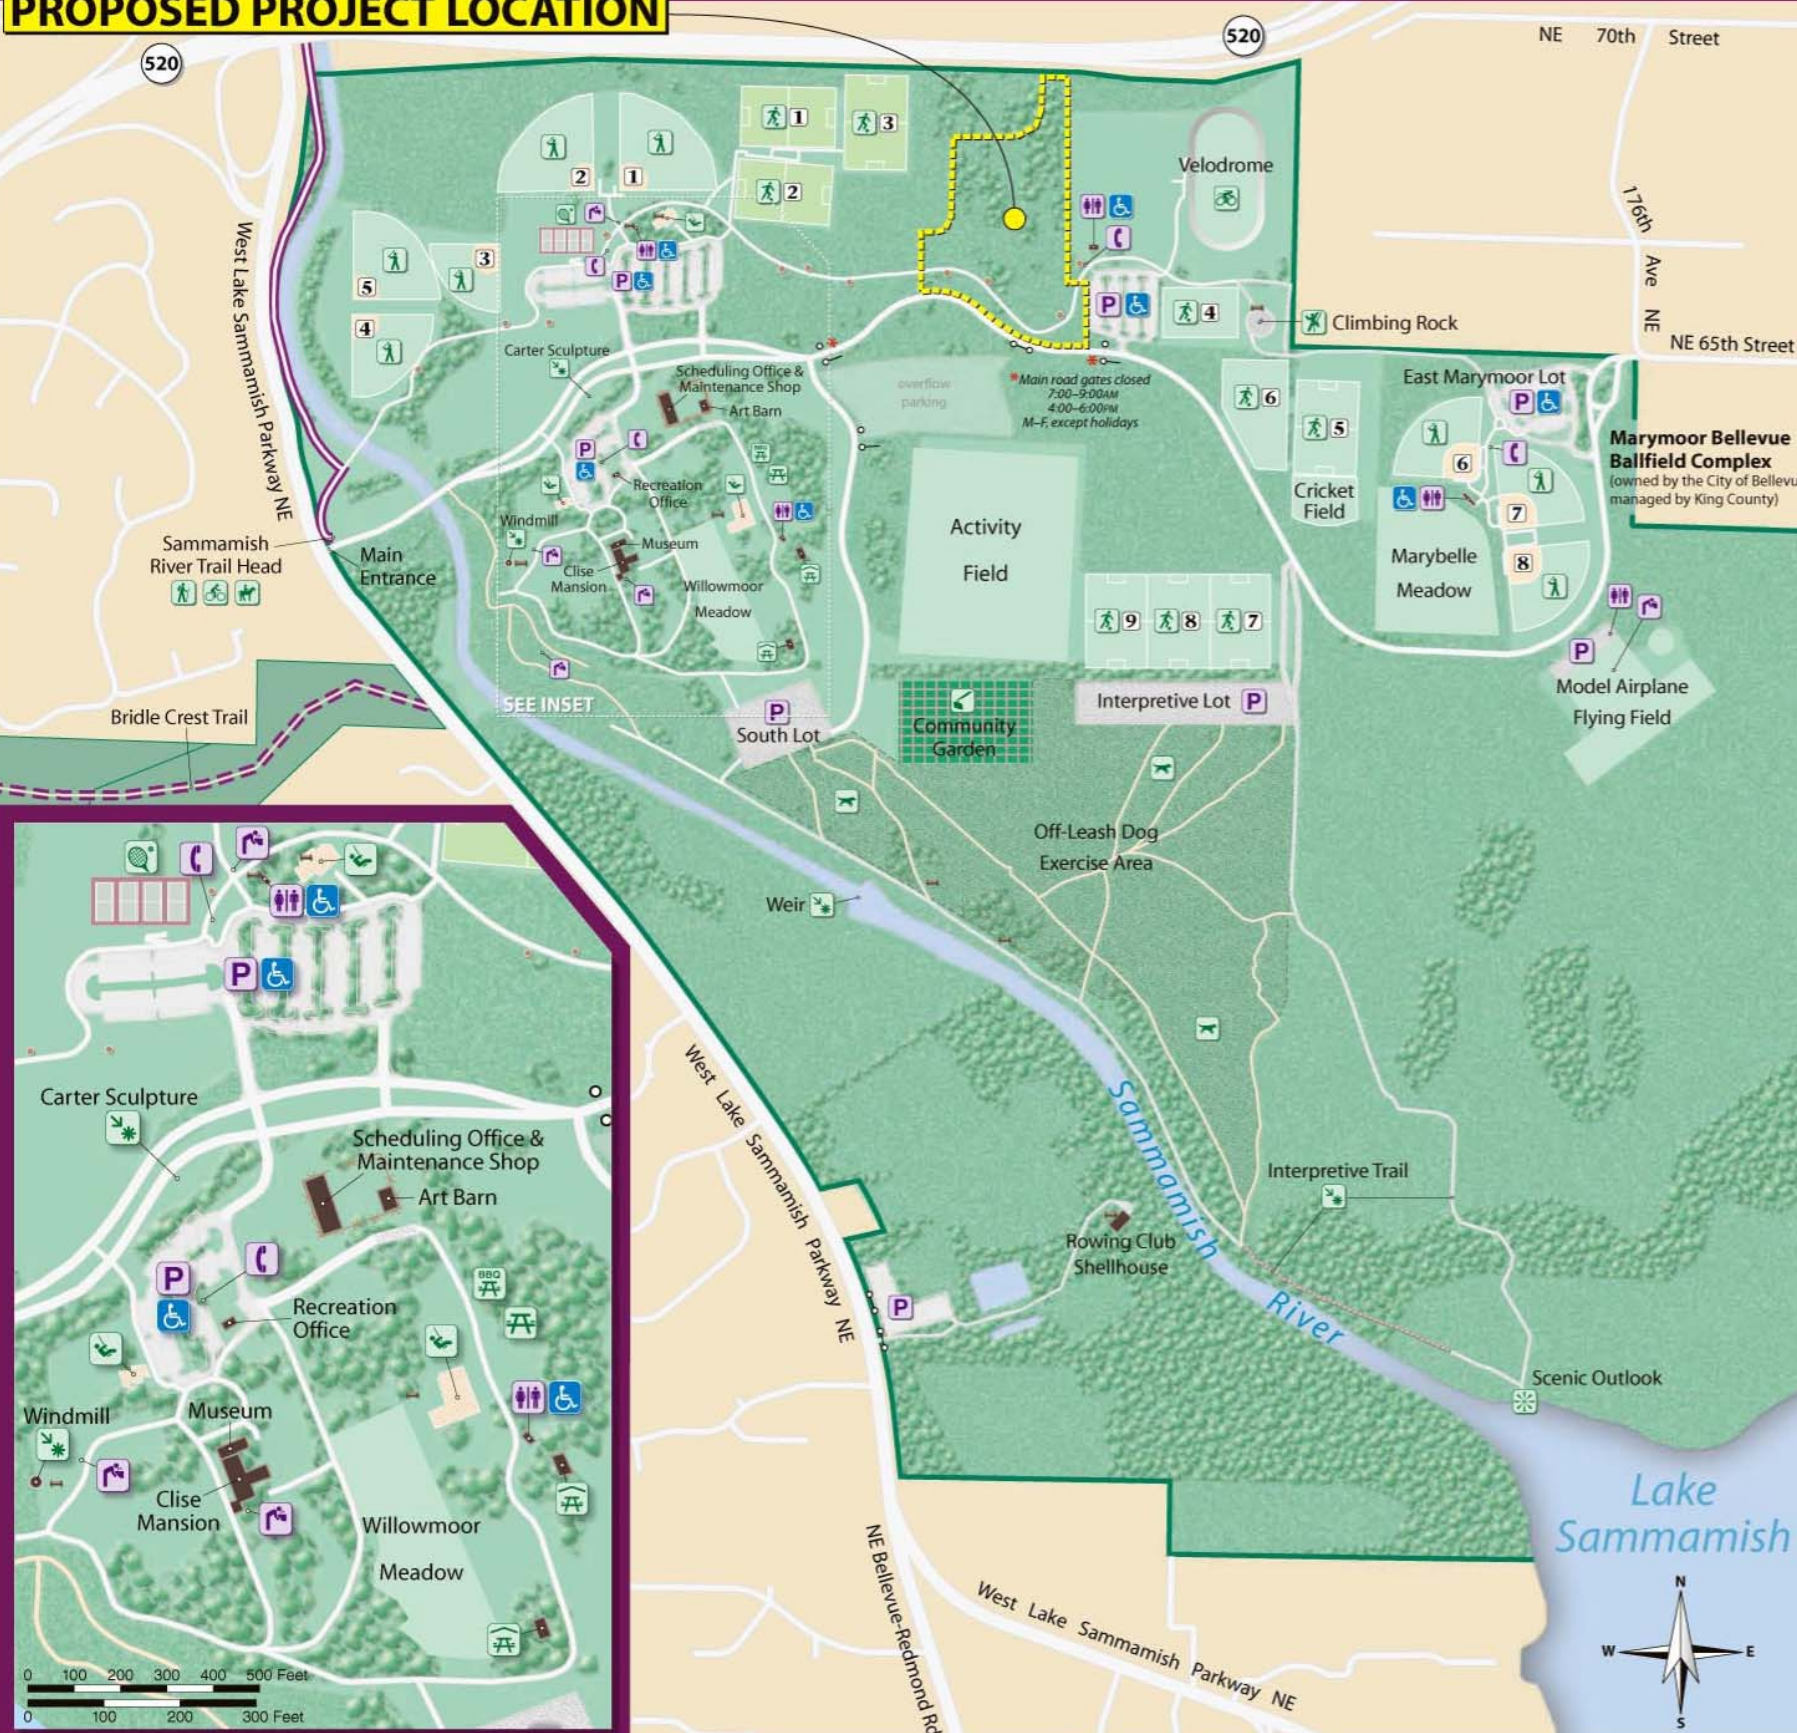

By Bus

Metro Transit provides service to and along West Lake Sammamish Parkway Northeast. Many bus routes provide services to the Redmond Park & Ride at Northeast 83rd Street, 1.5 miles north of the park. Call Metro at 206-553-3000 for bus schedule information.

The Sammamish River Trail connects urban Seattle with rural Marymoor Park.
